JHB/PC/23844

10th January 1984

Dear Sir,

U.K. Patent Application No. 81 14158
Your Ref: PM 1088 Delta - Our File: 23844

Thank you for Dr. Inskeep's letter of 9th December 1983.

The application has been amended along the lines authorised in that letter, and argument filed in relation to certain of the objections, as will be apparent from the enclosed copy. Copies of the amended pages are also enclosed.

It is to hoped that this response and amendment will put the case in order for allowance. However, it is evident from previous action that this particular Examiner allows his zeal to override common sense and, in the context of our present rather bureaucratic practice, there may still be scope for further objection.

Our debit note to CH is enclosed. A copy of this letter and the response and amendment are being sent to Messrs. Fish & Neave.

Yours faithfully,

c.c. Robert M. Shaw, Messrs. Fish & Neave, U.S.A.
